

Jubaili Bros Showcases it's Power at ADNEC

Abu Dhabi, October 4, 2009: Jubaili Bros is a leading supplier of power solutions in the Middle East, Africa and Central Asia. At this year's Power Generation and Water Solutions Middle East Exhibition, at Abu Dhabi National Exhibition Centre (ADNEC), Jubaili Bros will proudly showcase Jet and Marapco generators, as well as Allmand Light Towers. The exhibition will commence on October 11th through the 13th where you will find a team of well informed and friendly Jubaili Bros executives located at Hall no.5 stall no. E20.

The company was established based upon a simple philosophy, to be the best at satisfying customers' electromechanical needs. The Jubaili Bros policy is to offer an extensive KVA range of Electric Power Generators, supported by 24/7 After Sales Service, and a complete range of Spare Parts, enabling us to fulfill all customer requirements.

Jubaili Bros's Diesel Electric Generators are powered by Perkins and Lister engines and coupled with alternators from Leroy- Somer and Stamford, ranging from 10 KVA up to 2200 KVA. We offer three brands: FG Wilson and Marapco (assembled in UK) and JET (assembled in Lebanon & Nigeria). These ranges are available as open or sound attenuated units. With abundant stock in our main branches in Lebanon, UAE, Nigeria, Kuwait and Afghanistan, we aim to deliver quality products to our customers whenever and wherever needed.

Jubaili Bros developed their business and are providing power stations that reach up to 32 Mega Watt of Power through synchronization. These power solutions are carried out by a team of highly qualified engineers and technicians who professional design and implement the projects.

"With more than 30 years of experience, we at Jubaili Bros look forward to continuing to be your Partner in Power. We are eager to meet customers, new and old, and provide timely and accurate information in order to find the power solutions that meets their needs," commented Jad Jubaili, Marketing Manager at Jubaili Bros.

-End-

With Over 30 years of professional experience in power generation, Jubaili Bros has over 1500 international multicultural employees deployed in 19 branches, making Jubaili Bros a leading provider of Electric Power Generators for the Middle East, Africa and Central Asia.
